

PLEASE JOIN IFDA PHILADELPHIA CHAPTER ON  
JULY 29TH FOR OUR 2ND  
STIR FOR STUDENTS  
VIA ZOOM

OUR GUEST SPEAKER IS:  
CHRISTOPHER HANSEN

Christopher has a master's degree in interior architecture & design from Drexel University and has studied urban design at DIS in Copenhagen. He is the co-founder of CRiSCO & FRiSCO, a residential design firm in Philadelphia, and is a faculty member at Moore College of Art.

Christopher will share his experience of working 18 years in the interior design industry, entering the workforce during the 2008 financial crisis, and his decision to start his residential design firm, CRiSCO & FRiSCO. The COVID-19 pandemic has left a lot of students with anxiety about how they will enter the workforce or set up their own businesses as freelancers. We will discuss tools and strategies as well as occupations within the industry beyond just intern, draftsperson, and designer.
